

EL PASO WOMEN START A CAMPAIGN AGAINST BILL BOARDS NEAR SCHOOLS

Paving of West San Antonio Street Is Decided Upon.

No more unsightly bill boards are to be placed on or near to public school grounds, if the Parent-Teachers' association of Sunset school has its way. The association addressed a communication to the mayor and city council which was received Thursday requesting that the city fathers take action to forbid the erection of such boards in the future, the women contending that they are unsightly and that improper posters may be placed upon them. Their fight has started over the sign which is in course of construction near Sunset school on West Rio Grande street.

West San Antonio street is to be paved between El Paso and Davis streets. The city council Thursday resolved this and set June 13 as the date for hearing protests against the proposed improvement of this street.

Determining that sidewalks must be put in the council adopted the recommendation of alderman Clayton that property owners at the corner of Overland and Hill streets and San Antonio and Tays streets be required to make these improvements in their property. This comes as the result of a petition from Overland street property owners who have so improved their own property and want their neighbors to do likewise.

Because there was \$7100 in the sewer disposal fund which had not been used, the council transferred that amount to the garbage disposal fund to make improvements in the garbage disposal part of the new plant in Woodland addition. The meeting during the balance of the time was devoted to city health.

City health officer W. H. Anderson's report for the week ending Tuesday showed a total of 31 deaths, of which 11 were American, 19 Mexicans and one negro, while the births, numbering 24, were four Americans and 20 Mexicans. But two cases of cerebro spinal meningitis remain, one of smallpox, six of scarlet fever, seven of whooping cough, 14 of chickenpox, one of typhoid fever and none of diphtheria.

Health officers made 230 inspections of meat markets, three of bakeries, 232 of fruit and vegetable stands, five of laundries, 230 of fruit and vegetable wagons, 87 of milk wagons, 21 of meat wagons, 95 of restaurants, 249 of premises, 21 of slaughter houses, 140 of dairies, two of tanneries, 140 of cattle, 45 of calves, 44 of hogs, 47 of sheep.

Meat weighing 489 pounds and fruit and vegetables weighing 86 pounds were condemned. Sewer commissioner J. W. Hadlock's report showed 809 feet of 8 inch sewer laid in blocks 85, 86 and 87, East El Paso, 5 1/2 installed, 10 plugged sewers cleaned.

Four Slight Fires. Fire marshal H. F. Rowland's report for the week ending at 6 p. m. Wednesday showed four fires, one caused by children playing with matches, one by gasoline, one by a burning match thrown in a box of trash and one by a fuse catching fire.

Must Lay Sidewalks. Alderman Clayton, reporting on the petition of Overland street property owners, recommended that property owners at the corner of Hill and Overland streets and Tays and San Antonio streets be required to put in sidewalks. He said notices had been sent them.

James C. White was granted permission to extend a balcony over the sidewalk in block 161, Campbell's addition. The invitation to lecture.

The initiation of the Women's club to attend a lecture by Judge Ben Lindley on April 20 and occupy seats on the stage was accepted with thanks.

The petition for paving North El Paso street from California to Cliff street was granted.

To the fire and water committee was referred the petition of the Parent-Teachers' association of Sunset school.

Teachers' association of Sunset school requesting that permission be refused for the erection of a sign board on the school grounds at the corner of West Rio Grande street and the alley because it may be unsightly, and undesirable pictures might be displayed thereon.

The petition further requests that the council deny the erection of sign boards on or near school grounds.

Petition for Signs. To this committee was referred the petition of H. Colman to erect an electric sign at 415 South El Paso street, as was that of the Billings Bros. company to erect an electric sign at the corner of Texas and Stanton streets. The petition of property owners for the installation of a fire hydrant at the corner of Arizona and Rampart streets was referred to this committee.

Three petitions were referred to the Mayor. Two petitions were referred to the Mayor to keep seven cows in a corral in the 1600 block on Missouri street, that of Louis Holman for sewer extension in block 76, Cotton addition.

A letter from D. C. Seaman, who conducts the Grand hotel, requesting that hotel runners be forbidden to operate in front of hotels, was referred to this committee.

Petitions Referred to Committees. The school board's petition for exemption from plumbing inspector's fees for the plumbing to be done at the high school was referred to the finance committee.

The petition of property owners in the 600 block on Upson avenue to lay sidewalks put on grade was referred to the street and grade committee, to whom was also referred the petition of L. W. McGill to put iron trash boxes on the streets.

An ordinance establishing grades in the alley in block 17, Sunset Heights, was placed on its first reading.

The city clerk was authorized to pay \$4088.14 to the Petrolithic company on the third estimate for paving North El Paso street.

A resolution transferring \$7112.10 from the sewer disposal fund to the garbage disposal fund was adopted.

June 13 was set as the date for hearing protests against the paving of West San Antonio street, between South El Paso and Davis streets.

ORGANIZATION HAS NUMEROUS BENEFITS

Newspaper Man Dilates on Subject at Publishers' Association Meeting.

New York, N. Y., April 25.—In announcing the 25th anniversary of the American Newspaper Publishers' association, which opened its annual meeting today in New York City, the president, Bruce H. Caldwell, reviewed the work which the organization has accomplished.

He said the membership of 224 newspapers embraces the leading and best newspapers in the United States and Canada. Its achievements are the concrete results of cooperation along perfectly legal lines. Its concept of action has created a force for the uplift of the newspaper publishing business.

A condition under which the publishers were working in the dark and at a loss, he said, has been superseded by an exchange of confidence and mutual helpfulness. Few outside the membership have any conception of the extent and variety of the work done in many lines through the machinery of the association.

Some of the benefits. Six thousand collection claims of members are handled annually. The bulletins sent to members each week protect them from advertising frauds and misrepresentations that were common in the early days. The information contained in the bulletins has greatly purified the advertising situation in all parts of the hemisphere and has raised the standard of the business.

An advertising agent's committee grants recognition to those agencies qualified to receive it. This committee supplies the members a credit list that is a guide to safety. The association has guarded the interests of publishers in postal matters and has successfully opposed all threatened action inimical to the newspaper interest. Express rates for the transportation of newspapers were reduced at the instance of the committee of the association.

The association is now organizing a department of cooperative fire insurance, the benefits of which, it is claimed, will accrue to all. A free publicity department, inaugurated in 1909 to expose the source and motive of free publicity contributions, has attained a marked degree of success.

Every daily newspaper in the United States has been the beneficiary of the association's work and is under obligation to it.

VALENTINE HAS A NEW POSTMASTER

A New Postoffice Building Also Is Being Erected There.

Valentine, Texas, April 25.—R. D. McAnelly is Valentine's new postmaster. C. E. Conring having resigned. Mr. McAnelly is erecting a new building on Railroad street, and as soon as completed will move the postoffice from its present location.

John J. Duff is having his residence plastered on the outside, and the wood-work painted. C. O. Finley is adding new rooms and a screened porch to his residence.

H. E. Bass has sold his barbershop to R. D. McAnelly. Mr. Bass has charge of the shop during the absence of Mr. Deal.

W. L. Cass is drilling a well at the Finley residence. Foley & Smith have sold their remnant of hay to C. E. Alexander, who will ship it to eastern points.

The Shanks boarding house which has been remodeled by P. T. Spruill has been taken by Kate S. Elam. The Home Mission society held a meeting at the Union church. A program was rendered after which ways and means were discussed for general improvements to be made on the church.

E. Conring has returned from a business trip to San Antonio. Mr. and Mrs. John Pool were in from their river ranch and state cattle in good condition there, and weeds and grass coming fast.

Mr. and Mrs. Lester S. Smith have returned from a business and pleasure trip to Orange, Tex., located in El Paso county. They made the trip overland by way of Van Horn. They were accompanied home by Mrs. Smith's brother, Mr. Price.

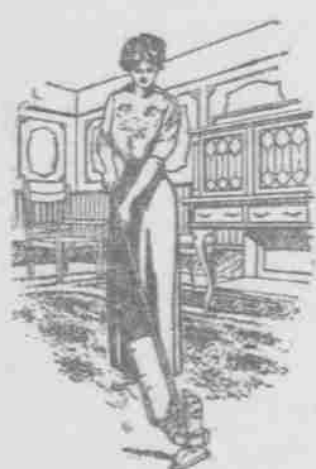

Mr. and Mrs. Deal and little sister, Mary, have gone to eastern Texas for a visit with relatives. They will make their future home in Marfa.

Mrs. E. C. Price, who has been in charge of the central telephone office, Miss Bird Parker having resigned on account of ill health.

Mrs. C. J. Powers, who has been ill, is recovering.

BISBEE PLANS TO PREVENT TYPHOID

Free Anti-toxin and Fly Swatters For the People of the Town.

Bisbee, Ariz., April 25.—The latest preventive against a typhoid epidemic in the Warren district, as a part of the better health campaign being waged by the local health authorities, assisted by the commercial club, is free typhoid antitoxin treatment.

Not a single case of typhoid fever has appeared in the Warren district, and as sanitary conditions in the city are better than ever before, owing to the activity of the health and sanitary officers, no epidemic is anticipated, but the health authorities believe that an ounce of prevention is better than a pound of cure and they are doing everything possible to advertise the dangers of flies and filth.

The county health officer, Dr. L. L. Miner, will give the treatment to anyone in Cochise county under the same condition as it is given by the city health authorities.

The typhoid prevention campaign includes the giving away of a thousand "fly swatters," a campaign of advertisements in the newspapers telling of the danger of infection from houseflies, the distribution of thousands of pieces of literature telling of the dangers of unsanitary conditions. Every report card sent out from the schools of the district has attached to it one of these "fly swatters" and every package that is sent out of Bisbee stores carries one.

FREE PICTURES FOR THE POOR CHILDREN

All the newboys, their sisters, cousins and little brothers will be entertained with free moving pictures at the Crawford theater Saturday afternoon.

Amusement Functions

This week sounds the closing of the season of the El Paso Theatre, Friday and Saturday nights and Saturday matinee. Ferris Hartman's big company of 28 people will present their masterpiece, The Campus. This particular bill had a run of over six consecutive months in Los Angeles, and is without doubt one of the funniest shows on the road. They will present, Sunday night and Matinee, The Girl and the Boy, the latest success on the coast. The prices are \$1.50 and \$1.00 down stairs, same prices as charged in Los Angeles; Matinee prices, 75c and \$1.00. Everyone should attend these two shows as this closes the El Paso for the season and with such superior attractions should close the season amid great satisfaction to all theatre patrons.

Hurrah! Hurrah! Hurrah!

Every effort has been exerted to complete every detail for the successful season this summer at the Airdome, one of the best companies ever organized, and in fact the choice of all stock companies in the judgment of the manager, has been signed for the entire summer, provided El Pasoans patronize the show sufficiently to warrant its continuation. MYRTLE VANE, the peer of all leading ladies on the coast, supported by the World's Fair Stock company, will present REAL ROYALTY bills, no slapstick comedy, opening with ARIZONA, first three days, and CHARITY BALL last half of week. Others to follow: Salvation Nell, Alias Jimmy Valentine, Spendthrift Brewster's Millions, Deep Purple, Fortune Hunter, Bird of Paradise, Merely Mary Anne, and others. Prices: Reserved seats 50c, rear 35c, boxes 75c. Opening next Monday; tickets on sale Ryan's drug store.
